

GRADING SHEET FOR IDMA ORAL EXAM JUNE 2026

We have already chosen a random number using <https://www.random.org/>, determining in which order questions are presented.

You should not expect to get through all of the questions in the oral exam question set.

You can always ask to skip forward to the next question, or flip back to a previous question.

At the end of the exam, you will be assessed on how many questions you were presented with and how well you answered them.

Whether you solve a problem or not is not a binary yes-or-no question.

There will be a dialogue, and we will take into consideration how well you reason, even if you do not manage to solve a problem.

Time	User ID	Name	NUMBER	Algorithms	Logic	Relations	Combinatorics	Sorting	Graphs	GRADE	Note
JUNE 24, 2026											
09:00	ZJM580	Gustav Ingels Mollerup									
09:30	DQR746	Lucas Ullerup Marshall									
10:00	NPZ178	Abel Asrat Ridgewell									
10:30	GHP118	Theodor Kristensen									
11:00	RWL997	Kian Kaarup Bøgh									
11:30	DPS824	Lea Skov Rasmussen									
JUNE 29, 2029											
09:00	CGQ654	Oliver Fisker Gleerup									
09:30	HMF512	Oscar Beyer-Nielsen									

Time	User ID	Name	NUMBER	Algorithms	Logic	Relations	Combinatorics	Sorting	Graphs	GRADE	Note
10:00	CHV630	Seval Zana Kilic									
10:30	LWH753	Kevin Jessen Kinsella									
11:00	LDS147	Søren Strøyberg									
11:30	KCJ878	Karl August Krogh Nybo									
12:00	HRT999	Frej Berri Lejre									Expected no-show
12:00	TZQ775	Noah Gyldenløve Skovborg									Expected no-show
12:30	VJZ343	Siw Foged Møller									
13:00	FKX388	Julius Willestofte Berg									
13:30	FQM630	Lauritz Tørholm Jørgensen									
14:00	ZBT570	Emma-Maria Marup									
14:30	GPV679	Emil Roer Thorlund
